

THE HOMOEOPATHIC MEDICAL ASSOCIATION OF INDIA, AHMEDABAD UNIT

MONTHLY ACTIVITY REPORT: FEBRUARY 2023

We did 2 activities during this month:

1. HMAI-AMC Suposhan Abhiyaan Homoeopathic Camp. Day-4
2. CME with Dr. Shashank Kothari series lecture-2

HMAI-AMC SUPOSHAN ABHIYAN CAMP

4th Day of Camp

Date: 4th February, 2023, Saturday

Time: 8.30 to 11 AM

Place: Scout Bhavan, Paldi, Ahmedabad

Camp begun around 8.45. Sitting was arranged zone wise this time. Doctors were allotted different zones. School children were examined by Doctors. Medicines were distributed for one month. We were able to see improvement in majority of school children. Their teachers reported improvement in their height, weight, appetite, behavior etc. Due to nice arrangements and zone wise distribution of doctors, camp was completed within short time. At the end, we took breakfast and tea. After photo session, we departed.

Lecture Series of Dr. Shashank Kothari

Second Lecture

Date: 26th February, 2023, Sunday

Time: 8.30 to 1.00

Place: Shri Haribhai Shah Memorial Hall, Navrangpura

After tea and snacks, lecture started slightly earlier to cover maximum topics. Dr. Rajal Shah welcomed Speaker Dr. Shashank Kothari. He continued his lecture from where he left last time. Aconite, Ars. Alb, Lachesis, Stramonium, Veratrum Alb., Gelsemium, Hyosyamus medicines were taught by Dr. Kothari from mental and behavioural aspect. He compared these medicines with other similar medicines. He answered queries raised by delegates in easily comprehensive way. He

boosted the confidence of practitioners and encouraged students to practice Homoeopathy in future.

After breakfast, he presented some videos of his patients who were treated by him from very difficult stage of hospitalisation. All delegates were mesmerised by the results he got in almost incurable cases. Session sum up done by Dr. Nirav Thakar. Dr. Sneha Majmundar gave a book as gift to Dr. Kothari. Session ended at 1.15.

Dr. Kothari was able to arouse curiosity for next session where he will give understanding about interpreting language of patient in reportorial language.
