**PRESIDENT**

**Mr. VIRJIBHAI DEVRAJ GADA  
(PANERI SAREE DADAR WEST MUMBAI).**

I salute all you charioteer who serve society & mankind.

I President of the organization to accept the presidency of the organization in the first year on trying to put my thoughts politely.

Respected elder brothers and sisters

Today we're logged into the 21st century, the spirit of the nation's interests and welfare of the society should be there in heart of every person & need to get out of the past periods ideas about each other. This is my personal view.

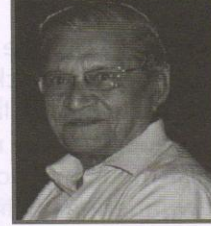

So I accepted responsibility of the President of SHRI NAVJIVAN VIKLANG SEVASHRAY being a part of the welfare activity.

Education in today's era is the third eye, by which a person's can lead to his life with understanding and discerning.

Tired of preventing criminal activities with the organs of teaching, Employment can be achieved easily, educated man can proceed with the business of farming with technology and earn good income.

It is an important part of education in order to overcome poverty in the country. So NAVJIVAN VIKLANG SEVASHRAY think that every needy person or poor families or person having mentally problem can also be considered as a "disabled" This is a social service organization that was worthwhile. So all the well-wisher of society, I call you all at our organization to enlighten the flame of humanity and mankind in the area of "VAGAD". It's my humble request to you all that consider this organization as yours and remember it in every occasion of yours. And help it in every way you can for the Upliftment of the society that's my humble request.

### **FACTORS LEADING TO THE GROWTH OF TRUST**

In 2001, 26 January due to earthquake BHACHAU was fully destroyed SHRI RAVJI LALJI CHHADVA JAIN boarding where I was minister was also destroyed. In 2002 when efforts were going on to renovate Jain boarding in BHACHAU itself at that time I.T.I (Indian technological institute), Jain boarding a thought came to start such other institute for the benefits of children's of other community, on that when the work was started that time BHACHAU committed volunteer SHRI VANRAJ CHHADVA informed that "SHRI NAVJIVAN VIKLANG MANDAL" – whose name "SHRI NAVJIVAN VIKLANG SEVASHRAY" is there, that trust of government granted I.T.I. BHACHAU has got the permission. With this reference above mention founder member of trust shree JITENDRA JOSHI BHACHAU at market of village, opp. to water supply godown, one small building kanyachhatralay was running there I met in office with metal roof with very few facility.

We discussed, I got the details of the trust, took information of future plans this was my "alone knows" with a goal of one man army Shri JITENDRA GAURISHANKAR JOSHI'S first meeting.

His hard work, sincerity, honesty and day & night care for societies lower cast people, clear intention of do something vision touched me.

I been inclined in social work was fully aware of how much difficult it was to do such work. It was difficult for someone who is weak person to do such work.

I see the hard work for girls of lower cast family; they can get now access to education.

In HALVAD this YAGNA of disable children, I came to know and seen, and felt at that time they can go ahead with this objective. I saw my consent to give mine 2 plots of new BHACHAU to trust. I had doubt that this trust doesn't have funds; and KANYA CHHATRALAYA is running somehow, so how will they construct building on the plots? But my prediction went wrong. I took time and met

JITENDRA JOSHI he said, "MANSUKHBHAI I am thankful for the plot allotted for the backward class people but for hard working sisters we have already got 1 land from government now considering the need of new generation of middle class children, in your place I wish that an English medium school, on no profit no loss basis should be initiated. I was just wondering to him. Is he the same JITENDRA JOSHI when I met at that small office? I gave him the permission, considering his firmness also gave promise for more financial help.

Today 2016, in this PARAMSHANTI school K.G to 10<sup>th</sup> class, total 350 students are taking benefits of BHACHAU and migrated & resided from different corners of India's. In BHACHAU & HALVAD the trusts has owned land with state of art infrastructure whose market price today has reached 5 crores. In this 150 boys & girls are disabled children of lower cast without any charge are taking benefits. This is unique and invaluable work. In this work if someone is worth is credited then he is "SHRI JITENDRA GAURISHANKAR JOSHI", to him whatever compliments we give will always be less.

I am the son of farmer. I thought boarding got the opportunity get to know the education at residential school. At my home seven of them become doctor till date. This is progress, with This I fully understood that, "if we went to uplift the lower cast society then provide education to children". Creating from nothing to something, making hero from zero shree JITENDRA GAURISHANKAR JOSHI is working with this objective on this line.

Twenty five before with just twenty sisters started in bhachaukanyachhatralay and 25 mentally retired started Halvad disable school's parents trust shrinavjivanviklangsevashray today is going to became huge tree. Many children and needy sisters with the initiation of trust has been benefited.

Due to inflation in today's time when middle class parents are struggling to give proper quality education at that time, how difficult will be for this trust to provide education to 150 residential student? Its matter to think, right?

Everything is going in proper way, for that, **shri Jitendra joshi** for spearing full time, his family member support, his others supporters ,past and present volunteers and workers, also small – big, known- unknown, popular-unpopular donor are thankful on this silver jubilee celebration, they all deserve three cheers .

Leader of trust chairman of working committee for many years, our

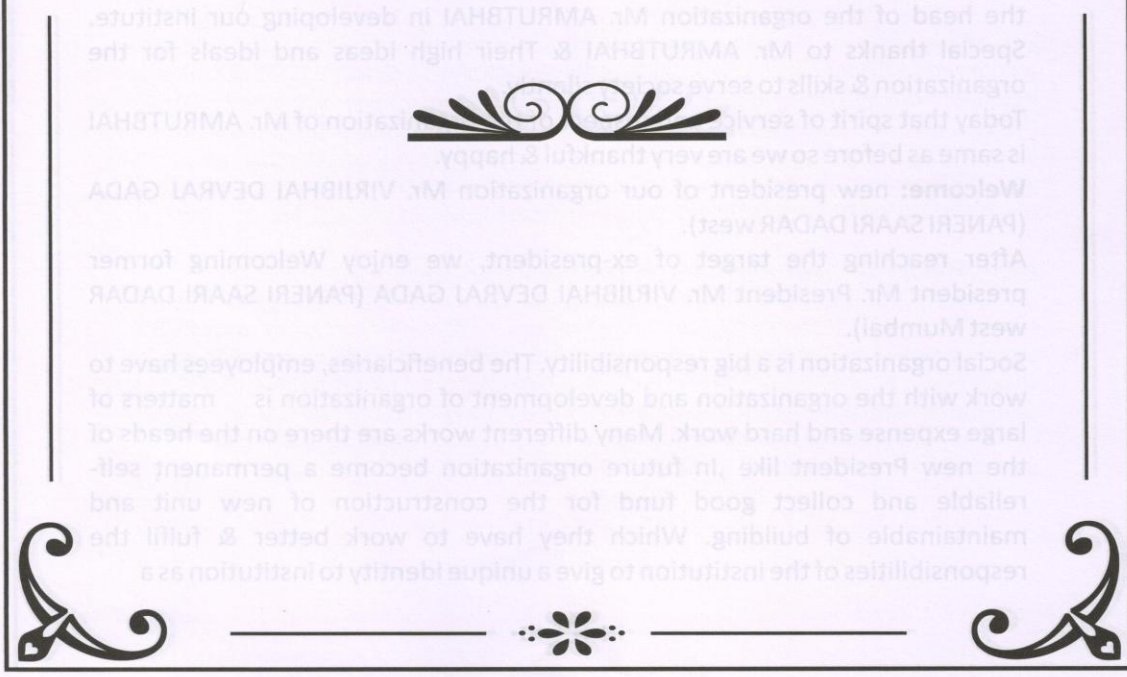

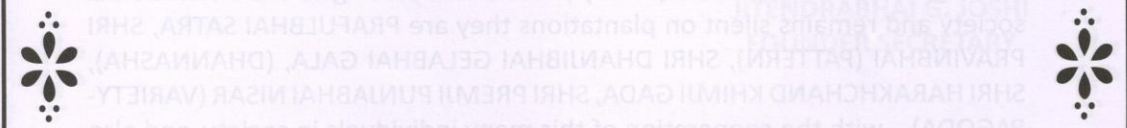

luminary of SAMAKHAYARI, Shri AMRUTBHAI PREMJI CHHADVA (SUNDARAM) thought his devoted selfless service, the trust has become one huge tree, congratulations.

He is retiring due to his business commitment. In his place LAKADIA SHRI VIRJI DEVJI GADA has presided.

He is pillar of vagad visa oswal community .He has several years of social service experience as volunteer in society. He has joined with us with the intention of doing something positive for the sake of the downtrodden. Our leading light shri VIRJIBHAI will make this trust giant huge tree and then only he will be relaxed. In past also whatever project he has initiated has made it successful. We volunteers have full faith that under his guidance this trust's train will be heading at full pace.

God's direction on this noble work, from whole society, from all the classes, at required time, with full power, heartily support will be there. With this hope. Ending here.

## Shri Navjivan Viklang Sevashray (Activities of the Institute)

As we all know that everything on the earth keep growing after its birth. Same as our organization is growing day by day after its establishment. It was established in year 1991 and now it has completed its 25 long years for the betterment of the society. With the help and cooperation of you all & Participation in the development of society we have been able to come thus far. Different activities carried out by our organization are:

### **SHRI M.T MINAKSHIBEN PRAFULBHAI SATRA KANYA CHHATRALAY (GIRLS HOSTEL)**

In the girls hostel we have students from different caste, disabilities and from the poor family background. They spend their time in hostel in different activities along with their studies. They are provided with free basic Quality education and other facilities without any discrimination of caste and creed. They can complete their education from std-5<sup>th</sup> to 12<sup>th</sup> class without any difficulties. Till now more than 800 girls have taken the benefits of the hostel. There are more than 80 girls presently studying in our organization. They get healthy meal 3 times a day Along with good food they are provided with excellent hostel facilities. Our motive is to provide bright & right education & shelter to more girls in future for the betterment of their life.

### **SHRIMATI MADHUBEN THAKARSI BHAI PATEL (SYMPOLO CERAMICS MORBI) PRIMARY SCHOOL.**

The primary school which is managed by our institute was built with the help & guidance of (SHRIMATI MADHUBEN THAKARSI BHAI PATEL SYMPOLO CERAMIC MORBI). Now we have classes from STD 5<sup>th</sup> to 9<sup>th</sup>. All primary and secondary school facilities are available in our institute so that the girls of hostel get their education and avail all help in the campus itself. So far approximately more than 300 girls have taken advantage from here. Now we would like to move ahead for the expansion of our organization & wish to start high school in the campus.

### **ADARSH KUMAR CHHATRALAY (BOYS HOSTEL BHACHAU)**

Not only for the girls but even for the boys we have schools and hostel facilities in the campus. We provide free food & boarding facilities for them. Till today approximately 225 boys have taken advantages of it. Now nearly 51 boys are there in the hostel. With all these we are trying to spread the light and make their life bright. It is said that "Writing on a blank slate looks beautiful". Similarly when the children of uneducated and rural people study here they look beautiful. They are being trained and molded in a fashion that they may be a blessing for the development of our nation.

"Hope is far from ideal".

**SHRI PARMABEN BHURABHAI MALSI GADA (PARSMSHANTI ENGLISH MEDIUM SCHOOL)**

As you all know that society, state, country and world is getting very small because of science and technology. For the future generation it is very much necessary to know English language. So the question is what led to the development of children of individuals with modest incomes? Do they not have the right to receive education in English medium? But many children's don't get chance to fulfill their Desire and aspiration because of their parent's income, But Thinking of our trustees of this charitable organization is like that lotus that blooms only in the mud. So the organization has started the English medium school on the basis of no loss no profit in New-BHACHAU. The school has been running since last 5 years. Access to education is being provided from L.K.G to standard 10. About 400 children are studying here with beautiful facilities. Organization is also thinking to extend to higher secondary education in the school, in order to satisfy the hunger of the Needy children who are willing to study ahead.

**VIVIDH LAKSHI MAHILA KALYAN KENDRA (Multipurpose Women's Wellness Center- BHACHAU)**

Women's Wellness & multipurpose Center which is in BHACHAU, NAKHATRANA & BHUJ, are the units funded by the Women and Child Department of the State Government to our organization. 75% of the expenses incurred is borne by the state government and the rest of the 25% cost is bore by organization. Organization guides the girls and women in different villages through different activities for their lives. Organization gives information and help to women to make them self-sufficient. Centre goes door to door teaching women their rights for being self-reliable. Centre gives them training for self-employment and small-scale works. In future, organization is thinking for the betterment of the rural groups & families.

**SHRI NAVJIVAN VIKLANG SEVASHRAY HALVAD (DISABLED-ORIENTED ACTIVITIES)**

One might think why this activity is carried out in Kutch? Our organization always aims to uplift the backward class communities and helps them to stand in society. As a result organization visited the village and undeveloped deprived area where there is no support and service for the disables and mentally retarded children to give them physical and mental support. So our organization started working in HALVAD for the need of disabled and mentally retarded children. We started working since 2000 that is we are working since last 16 long years for the betterment of the society. Here mentally retarded & disabled children gets food, shelter and all other

needed equipment's free of cost. Our organization also helps children to get S.T PASS , RAILWAY pass, Education scholarship etc. organization also contribute information to disabled children and their parents about the field of sports. Our specially trained teachers also councils children's parents to treat with their special need wards. They also gives following knowledge such as bathing, washing clothes, buttons, bands, hair combing, systematically meal, sitting in the discipline etc. this teachers are appointed by government of India and they are registered under (R.C.I) rehabilitation counselling of India. Which provides important training that could lead to self-sufficiency in the lives of such children. All children get lodging, hostel facilities and all basic facility free of cost at our organization.

So far, more than 500 children have been taking advantage of the organization. And now this is going to take advantage of the 50 disabled beneficiaries in the hostel. Our organization teaches such people so that they can stand on their feet in front of society. Donors are requested, to give generous support to disabled persons in the establishment of the unit and urge to buy them pre-made things indirectly associate for the cause of society.

**"Service to mankind is service to god"**  
**(2) HALVAD INCLUSIVE EDUCATION PLAN**

As we are discussing this plan with you. This inclusive educational plan is guided by the central and state government. This plan is given to us in different location of Gujarat like CHOTILA, MALIYA, WANKANER, THAN & MORBI. We are so proud that government has given us such great opportunity for the educational plan. Under this plan organization guides children's for their future & studies. Children's are also guided to get their medical certificate by which they can get admission in schools as a special child, and get education from the special teachers appointed by government. Child gets education up to 12<sup>th</sup> standard under this plan free of cost. With the help of our organization mentally & physically challenged children's get free education for the betterment of their life. Our organization will always be helpful to this types of and children's & for the betterment of the children's. Organization also guides children's in the field of sports & bring their inner strength & stability in front of society. Under this scheme more than 500 children's have the advantage for making their life happy.
