

MODELS ON ANATOMY

Made of Fibre Glass.....Unbreakable.....Washable.....Again Paintable

1. Model of Man or Woman....Normal Size.....Adult

Showing superficial dissection on one side. And other side intact. Arms and legs are detachable. The internal organs in abdominal & thoracic wall are shown in situ and they are detachable.

Rs. 22,000.00

2. Human Torso with Head....Life size. (Male or Female)

Height 38 inches excluding arms & legs. Showing superficial dissection on one side and other side intact. The internal organs in abdominal & thoracic wall are shown in situ. Half of the skull cap can be removed and brain can be taken out.

Rs. 15,000.00

3. Principal Structures found within Tissue Cells

Rs. 5000.00

4. Head and Neck....Longitudinal Section of Head and Neck

Rs. 4000.00

5. Brain with Skull

Rs. 4500.00

6. Brain in 4 Parts

Rs. 3500.00

7. Nervous System

Rs. 5000.00

8. Midsagittal Section through the Brain

Rs. 3500.00

9. Structure of the Cerebellum...

10. A Superior View. An Interior View. A Sagittal View

Rs. 4200.00

11. Sagittal Section through the Medulla Oblongata and pons showing

12. The Cranial Nerve Nuclei of Gray Matter

Rs. 3200.00

13. The Autonomic Nervous System

Rs. 8500.00

14. Spinal Cord with Spinal Nerves

Rs. 5000.00

15. Stretch Reflex.

Rs. 5000.00

16. Tendon reflex.

Rs. 5000.00

17. Flexor (Withdrawal) Reflex.

Rs. 5000.00

18. Crossed Extensor Reflex.

Rs. 5000.00

19. Spinal nerves of the hand... Anterior View.

Rs. 5000.00

20. Spinal nerves of the leg. (Distribution of Nerves from Lumber & sacral Plexuses)

Rs. 5000.00

21. Posterior view of the brain Stem.

Rs. 4500.00

22. Lymphatic System.

Rs. 4500.00

23. Multipolar Neuron. Bipolar Neuron. Unipolar Neuron

Rs. 3500.00

24. Reflex Arc..Including the Sensory receptor, Afferent Neuron, Association Neuron, Efferent Neuron and Effector organ.

Rs. 3000.00

25. Converging Circuit in the Spinal Cord

Rs. 3500.00

26. Diverging Circuit in the Spinal Cord

Rs. 3500.00

27. Ascending Pathway : The Dorsal Column

Descending Pathway : The Pyramidal System (2 Models)

Rs. 6000.00

28. Somaesthetic Pathways

Rs. 6000.00

29. Relationship of the Lymphatic System to the Cardiovascular system.	Rs. 5000.00
30. The cervicle sympathetic Ganglia.	Rs. 4500.00
31.. Human Eye....Vertical SectionGreatly Enlarged Showing Muscle, Optic Nerves, Crystalline Lens, Iris, Cornea etc..	Rs. 5000.00
32 Human Eye ball.....100 times enlarged (Detachable)	Rs. 4500.00
33. Visual Central Nervous System Pathways (Superior View)	Rs. 4000.00
34. Ear.....Large Size.....Dissectable in 4 Parts	Rs. 4500.00
35. Structure within the inner ear including the cochlea & Vastibular Apparatus.	Rs. 5500.00
36. Ear...Sagittal Section.....On board. (External, Middle & Inner Ear)	Rs. 5000.00
37. Larynx.....Anterior View, Posterior View, Side View, Cut away Side View & Sagittal Section (5 Models)	Rs. 8000.00
38. Functional Model of Larynx..	Rs. 6000.00
39. Larynx.....Deep Side -View	Rs. 4000.00
40. The Pharynx.....Posterior View	Rs. 4000.00
41. PharynxSagittal Section	Rs. 4000.00
42. Tonsils.....Pharyngeal, Palatine & Lingual Tonsils	Rs. 3500.00
43.Teeth (Lower jaw) with structure shown	Rs. 3500.00
44. The Structure of tooth.	Rs. 2500.00
45. The Cavity in tooth.	Rs. 3500.00
46. The Tongue.....Dorsal Surface	Rs. 3500.00
47. Pituitary Gland.....Hypothalamus	Rs. 4000.00
48. Thyroid & Parathyroid Glands	Rs. 4000.00
49. Sagittal Section through Nasal Cavity and Pharynx Viewed From Medial Side	Rs. 4500.00
50. Lungs...Oneside sectioned with Respiratory Tract, Bronchial Tubes, Arteries & Veins	Rs. 4500.00
51. Pulmonary circulation.	Rs. 5500.00
52. The Respiratory System	Rs. 5500.00
53. Liver.....Enlarged showing Gall Bladder	Rs. 3500.00
54. Liver with Gall Bladder & Pancreas (On Stand)	Rs. 5000.00
55. Blood Supply of the Liver.	Rs. 4500.00
56. Duct System with Gall Stones in common sites	Rs. 4500.00
57. The Hepatic Portal System	Rs. 5000.00
58. Endocrine System	Rs. 5500.00
59. Pancreas Enlarged	Rs. 3000.00
60. Structure of the Pancreas	Rs. 3500.00
61. Stomach.....Enlarged....with duodenum, sectioned showing details	Rs. 3000.00
62. An Anterior view of Abdominal aorta & Its principles branches.	Rs. 5500.00
63. Spleen....normal size with details	Rs. 3000.00
64. Gall Bladder, Pancreas & Duodenum	Rs. 4000.00
65. Blood Supply of the Intestine	Rs. 5000.00
66. Rectum (Anal Canal)	Rs. 3500.00
67. Large Intestine	Rs. 3500.00
68. Small Intestine.	Rs. 3500.00
69. The Digestive System	Rs. 5500.00

70. Heart.....Enlarged.....Separable in 4 Parts	Rs. 3500.00
71. Fat deposition in the arteries..	Rs. 3500.00
72. Death of an Artery.	Rs. 3500.00
73. Artery sections with Blockage. (Plaque buildup on artery walls)	Rs. 3500.00
74. Principal Arteries of the body.	Rs. 4500.00
75. Principal Veins of the body.	Rs. 4500.00
76. Veins that drain the head & Neck.	Rs. 4500.00
77. An Anterior View of the Veins that drain the upper right extremity.	Rs. 5500.00
78. Veins of the lower Extrimities.	Rs. 5500.00
79. Circulatory System	Rs. 5500.00
80. Relationship of the lymphatic system to the cardiovascular System.	Rs. 5000.00
81. Fetal Circulation	Rs. 4500.00
82. A Schematic Model of Circulatory System	Rs. 5500.00
83. Arteries of the Neck and Head. Major branches of the right Common carotid and right subclavian arteries	Rs. 5000.00
84. An Anterior view of the Major Arteries of the Upper Extremity	Rs. 5500.00
85. Arteries of the Pelvic Region	Rs. 5500.00
86. Arteries of the right lower Extremity (Anterior view & Posterior view)	Rs. 5000.0
87. Urinary System.....with Kidney and Urinary Bladder(Male)	Rs. 5500.00
88 Urinary System.....with Kidney & Urinary Bladder (female)	Rs. 5500.00
89. Kidneyin 2 Parts.....on stand	Rs. 4000.00
90. Blood supply of the kidney.	Rs. 5000.00
91. Urinary Bladder.....Sectioned	Rs. 3000.00
92. Testis...X Section	Rs. 2500.00
93. Cross Section of the Penis.....Anterior view (Oblique section)	Rs. 3500.00
94. Structure of the Penis showing the Attachment, Blood & Nerve supply and the arrangement of the erectile tissue	Rs. 5500.00
95. Longitudinal Section of the Female Urethra	Rs. 4000.00
96. Organs of the Male Reproductive System. (A Sagittal View)	Rs. 5500.00
97. Organs of the Female Reproductive System (A sugittal Section)	Rs. 5500.00
98. The Size & Position of the Uterus in a full term Pregnant Woman in a Sagittal Section	Rs. 8000.00
99. Uterus.....Sagittal Section.....with Fallopian tube.... with details	Rs. 3500.00
100. Uterus in section showing Sperm & Ovum in process of Fertilization.	Rs. 4500.00
101. Ovarian Cycle , Fertilization and the Morphofenic events of the first week.	Rs. 4500.00
102. Blood supply of the uterus.	Rs. 4500.00
103. Vascular Supply to the Uterus	Rs. 4500.00
104. Tubal Ligation involves removal of a portion of each uterine tube.	Rs. 5500.00
105. Structure of the Breast and Mamary Glands (A Sagittal section and anterior view partially sectioned)	Rs. 4500.00
106. The Skin.....1000 times Enlarged	Rs. 4000.00

107. Types of Skin Lesions.....Macule, Papule, Nodule, Wheal, Vesicle, Intra or Subepidermal blister, Pustule, Cyst, Fissure and Ulcer	Rs. 4000.00
108. Bone Structure.....Cross Section	Rs. 4000.00
109. Hair Structure.....Cross Section	Rs. 4000.00

Anatomy & Physiology of Pregnancy

110. Human Ovum Enlarged	Rs. 2500.00
111. Structure of Human Spermatozoon	Rs. 2500.00
112. Spermatogenesis and Oogenesis	Rs. 4500.00
113. Uterus in section showing Sperm and Ovum in process of Fertilization	Rs. 4500.00
114. Foetal Surface of Placenta	Rs. 3500.00
115. Maternal Surface of Placenta	Rs. 3500.00
116. Vasectomy. Tubal Ligation (Tubectomy).....Set price	Rs. 5000.00

117. Breast In pregnancy (Made of Fibre Glass Material)

Before Puberty	Rs. 2500.00
At Puberty	Rs. 2500.00
Adolescent	Rs. 2500.00
Adult, conical type	Rs. 2500.00
Adult, well developed hemispherical type	Rs. 2500.00
In Pregnancy	Rs. 2500.00
In Lactation	Rs. 2500.00
Pendulous, in older multiparous woman	Rs. 2500.00
118. Breast in Pregnancy (Made in Silicon Material... Germany Make) Looks natural, Feels natural.	Rs. 6000.00

Normal labour

119. Gradual Development of Uterus from 1 st month to 9 months (9 Models)	Rs. 15000.00
120. Model Showing First, Second & Third Stage of Labour	Rs. 15000.00
121. Half of the Pelvis with Pregnant Uterus Uterus in the 9 months. The child can be taken out.... Life size model	Rs. 8000.00

Abnormal Labour

122. Abnormalities of Breech Delivery.....(5 Models) Complete breech. Frank breech. Footing breech. Kneeling breech. Transverse Lie...	Rs. 15000.00
123. <u>Model showing Multiple Pregnancy</u>Two Vertexes. Vertex & Breech. Two Breeches. Vertex & Transverse Lie. Breech & Transverse Lie. Two Transverse Lies.....(6 Models)	Rs. 20000.00
124. <u>Locking of Twins.....</u>	

Collision. Impaction. Interlocking....(3 Models) Rs. 15000.00

125. PROLAPSE OF THE UMBILICAL CORD:

Cord prolapsed at the Inlet. Cord prolapsed in to the vagina.
Cord prolapsed through the Introitus....(3 Models) Rs. 12000.00

126. Obstetrical Training Manikin Kit. (Dummy with Doll)
For child birth delivery technique easy to learn (Made of
Fibre Glass Material, Unbreakable) Rs. 14000.00

127. Cloth Doll only.....For Obstetrical Training Manikin Rs. 800.00

128. Leather Doll only.....For Obstetrical Training Manikin Rs. 1200.00

129. Dummy Doll for Demonstration. (Chase Doll) Male or Female
(Indian Type) for Nursing Procedure.
Use ful Model for Nurses Training.....Made from Fibre Glass
Adult size...Life sizeUnbreakable...Washable Rs.20000.00

130. Dummy Doll for DemonstrationChild Rs.14000.00

131. Dummy Doll for Demonstration.....Foetus Rs.6000.00

132. New Born Baby Model....Made in USA....Life like baby
is only one day old Made of SOFT VINYL Rubber. Looks like
Original Baby. Rs. 8000.00

**133. CONDOM MODEL.. ERECT PENIS TO SHOW HOW TO
WEAR THE CONDOM ON THE PENIS. Rs. 500.00
ON BOARD AND PACKED IN REXINE BAG WITH
CARRYING FACILITY.**
