2012

TECHNICAL SKILLS

- AutoCAD
- Diploma in Computer Application

PROJECTS

- **Automatic wiper start when rain start** *6 months*
This project involves removing water when rain is come wiper is on and when rain is over its off. A wiper is a device from which we aware from accident.But we are designing the car automatically wiper start when rain is come which does not involve human effort. If the water is not removed from the car we cannot drive properly and the most important thing is accident cases is not more and we drive properly.
