

Dear Friends

Greetings from Rajkot ObGyn Society.

Learning is a continuous process. We read and we remember but by watching videos we can understand better. All of you will agree to the statement that SURGERY is an art. To do each and every ObGyn surgery with precision is an achievement. There is a continuous change in techniques, instruments and suture materials. Most common surgeries in our branch are Caesarean section and Hysterectomy. Route and methods of removal of uterus is changing and to improve the skill and adopt newer techniques - Rajkot Obstetrics and Gynecological Society is organizing one and half day special Theme conference or confoworkshop on APRIL 25th Saturday and 26th Sunday - 2015-at the five star venue THE GRAND BHAGWATI and the theme is SURGERY.

Surgeries - ObGyn Today

We are inviting the most experienced and expert teachers from all over India as faculties to teach us the BEST in surgery today. They will teach us with their talk and interesting video clips. After each talk there will be special session of interaction. To add to attraction is the Special oration of Rajkot ObGyn Society by Most experienced and Senior most Professor and Surgeon of our fraternity. This is a lifetime opportunity for us to learn from the stalwarts of the fraternity at our own doorsteps.

Please do not miss this Golden chance to attend this special conference at special venue by special society. Registration will be limited upto 400 delegates, so please register yourself at earliest. Registration will be first come first bases.

Sincerely Yours'
