Gandhinagar on 5/1/2017

Respected Sir,

This is to inform you that our College had carried out a Dental Health Education and Diagnosis camp at Borij Primary school, Borij, Gandhinagar on 5/1/2017. Around 737 students were diagnosed by staff, final year & interns posted in the dept. They were suggested appropriate treatment using simple case sheets and pamphlets provided.

The camp was a grand success.

Thanking you,

Yours sincerely,

(Dr. Janki Shah)

To
The Dean,
Government Dental College and Hospital,
Ahmedabad

Dear Sir,

We would like to thank the Department of Public Health Dentistry, Government Dental College and Hospital Ahmedabad, You and Your entire team for providing support in Sanjeevani, the health camp and awareness mela, organized by Nyasa, IIT Gandhinagar. The event was organized on 28th and 29th of January 2017 witnessed a footfall of around 1200 villagers from Palaj, Basan, Alampur and Shiholi. Your team attended to 41 patients on Saturday i.e. 28th and 81 patients on Sunday i.e. on 29th Jan 2017. We strongly appreciate the efforts that your team for spreading health awareness through posters and the supply of medicines that were distributed to those who needed them.

We hope to work together in future and try to improve the health of the society surrounding us.

Thanks and Regards,

Sincerely,

(Dr. Sriram Kanvah Gurdimeda)

Sub: Dental Camp Report of a Camp at H.B.Kapadia, Delhi Darwaza conducted on 30/8/2017.

Respected Sir,

This is to inform you that our College had carried out a Dental Health Education and Diagnosis camp at the above mentioned school. Around 450 school students were diagnosed by our staff, students and interns and were suggested appropriate treatment using simple case sheets which were also reported to their school administration.

The camp was a grand success.

Thanking you,

Yours sincerely,

(Dr.JANKI.G.SHAH)

Subject : Dental health check up & tobacco habit de-addiction camp at Swahast Foundation

Resp. Sir,

Kindly accept my heartfelt gratitude for giving 86 of our center's adolescents an opportunity to learn how to keep the dental hygiene maintained and what to do when a problem arises. I specially thank the staff of public health dentistry who came to our center with a team of interns and students from your hospital. We'll be following up on the treatments required by some of our kids and for all those who have agreed to quit tobacco habit through Dr. Parth R Pandya's hypnotherapy techniques at your hospital. The initial screening has been done as a result of this dental health education camp that was conducted at our center on 27th March 2018.

Looking forward to working with you in future and changing a few lives for better.

Thanking You,

SUB: Dental Camp Report at Vishwa Vidyalaya, Ahmedabad on 23/7/2018

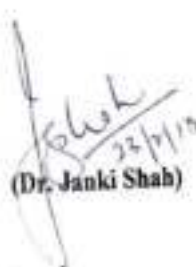

Respected Sir,

This is to inform you that our Department of Community Dentistry had carried out a Dental Health Education camp at Vishwa Vidyalaya, Ahmedabad on 23/7/2018. The camp was attended by staff member, internees and final B.D.S. students. Dental health education was carried out with the help of posters & models.

Around 340 school children were educated and dental check up done. An epidemiological survey was carried out in the same. The camp was a grand success.

Thanking you

Yours sincerely,

(Dr. Janki Shah)

Dear Sir,

Subject: Camp for dental health education, check-up (decay and tobacco de-addiction measures) in children

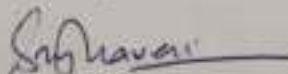

We, at ICECD work towards empowering the women and youth of the country with entrepreneurship skills in order to create sustainable employment and also work towards socio-economic development of village communities through holistic approach.

The camps conducted via your esteemed team from GDCH Ahmedabad in Bagodara and Shiyal on 5th October 2018 was a grand success. We would request your support to complete the other two villages - Gangad and Rupal. We would be thankful if you can send your team from GDCH Ahmedabad to the primary schools of Rupal village on 30 October 2018 and Gangad village on 02 November 2018. The strength of students of 6th to 8th standards in Primary school Rupal will be approximately 100 students and that of Gangad Primary school will be approximately 200 students.

We would further like to request the support of Dr. Parth Pandya to follow through the dental camp with tobacco de-addiction session with the students. We'll be following up with your staff later on after the camp for the necessary interventions if required.

Looking forward to your kind co-operation in the matter.

Warm regards,

Respected Sir,

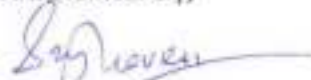

Subject: Dental health check up and tobacco habit de-addiction camp held on 5th October 2018 at Shiyal and Bagodara villages

Kindly accept my heartfelt gratitude for giving the students of Shiyal No. 2 Primary School and Bagodara Primary School an opportunity to learn how to keep the dental hygiene maintained and what to do when a problem arises. More than 300 students were screened in the process. I specially thank the Staff of Public Health Dentistry who came to our centre with a team of interns from your hospital. We'll be following up on the treatments required by some of the children and for all those who have agreed to quit the tobacco habit through Dr. Parth R. Pandya's behavioural hypnotherapy techniques at your hospital. The initial screening has been done as a result of this dental health education camp that was conducted at the respective schools on 05th October 2018.

Looking forward to working with you in future and changing a few lives for the better.

Thanking you,

Yours Sincerely,

LOK SWASTHYA SEWA TRUST

રજી. નં. ઈ ૧૭૩૧૮, અમદાવાદ

To,
The Dean
Government Dental College
Ahmedabad

22nd January, 2020

Self Employed Women Association (SEWA), a union of 1.9 million informal women workers is working for betterment of informal women workers for more than 4 decades. Lokswasthya SEWA focuses on providing primary health care services through education and awareness sessions along with referral health services, to informal women workers and their families.

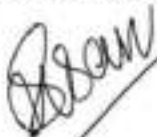

Over years of working in the health field, it has been found that oral health is a neglected health among informal women workers and their families. This is due to lack of awareness and their low healthcare seeking behaviour. Good Oral Hygiene is one of the basic need for good health, and hence to make community people prioritize the need of oral health and hygiene, free dental camp was organized on 21st January, 2020 from 2-4 pm with the collaboration of Public health dentistry (PHD) department of Government dental college (GDC) at Sahjog Nagar, Meghaninagar.

It was very first of the dental camp organized by Lokswasthya SEWA with the purpose of increasing the awareness about oral health and hygiene and thus improving the health seeking behaviour of the people.

62 community members were screened in the camp. The PHD department of GDC provided us with the IEC material which was used to educate the community members along with a team of 4 interns, who had all the required diagnostic instruments, free medicines and other necessary items required for screening and diagnosis. LSST helped in organizing the camp and mobilizing the community members.

We are very thankful to Dr. Janki Shah (HOD of PHD), and their team. We are looking forward to work with GDC and continuing their collaboration so as to increase the outreach among SEWA's members i.e. informal women workers and their families.

Sincere Regards,

Susan Thomas
National Health Coordinator
SEWA
